

RAMSURYA JAYABALAN

Junior Developer | ASP.NET Web API Developer | Python Full Stack Developer

+918870498198 ramsuryajayabalan@gmail.com [Linkedin](#) [Github](#) [Portfolio](#) Bengaluru – 560100

PROFESSIONAL SUMMARY

Entry-level Full Stack Developer with hands-on experience in ASP.NET Web API, Python, Django, SQL Server, and frontend technologies. Skilled in developing REST APIs, implementing CRUD operations, debugging applications, and handling database connectivity using ADO.NET. Familiar with software development lifecycle, API integration, troubleshooting, and backend development. Eager to contribute technical skills and grow as a Junior Developer in a professional software development environment.

TECHNICAL SKILLS

Languages: Python, C#, SQL, JavaScript

Frameworks & Technologies: ASP.NET Web API, ASP.NET Web Forms, Django, REST API, ADO.NET

Frontend: HTML5, CSS3, Bootstrap

Databases: SQL Server, MySQL, SQLite

Tools: Visual Studio, VS Code, Postman, Git, GitHub

Concepts: CRUD Operations, REST API Development, Backend Development, API Integration, Debugging, Troubleshooting, OOP, SDLC Basics

PROJECTS

Employee Management API

Technologies Used: ASP.NET Web API, SQL Server, ADO.NET

- Developed REST APIs for employee management using ASP.NET Web API.
- Implemented CRUD operations with SQL Server using ADO.NET.
- Tested API endpoints using Postman with GET, POST, PUT, and DELETE methods.

Django Todo List Web Application | [Link](#)

Technologies Used: Python, Django, SQLite, HTML5, CSS3

- Developed a task management web application using Django and MVT architecture.
- Implemented user authentication features including login and registration.
- Integrated SQLite database and designed responsive frontend pages.

Dolphin Café Digital Menu | [Link](#)

Technologies Used: HTML5, CSS3, JavaScript, Netlify

- Developed a responsive digital menu web application for a café.
- Implemented category filtering and real-time search functionality.
- Designed a mobile-friendly UI and deployed the application on Netlify.
- Leveraged AI-assisted coding tools (ChatGPT and Claude) to accelerate development and improve code quality.

TRAINING

Python Full Stack Development Training

PySpiders, Bengaluru | 2025 – 2026

- Learned Python, Django, SQL, HTML, CSS, JavaScript, and Bootstrap.
- Worked on mini projects and gained practical exposure to full stack development.
- Practiced debugging, API integration, GitHub version control, and deployment workflows.

EDUCATION

B.Tech – Information Technology

K.S.R. College of Engineering, Tamil Nadu | 2021 - 2025

CGPA: 7.55/10

CERTIFICATIONS

- Python Full Stack with Data Analytics – PySpiders
- Introduction to Python – Infosys Springboard
- HTML & CSS Essentials Bootcamp – Let's Upgrade
