

Ramsurya Jayabalan

Python Developer | Full Stack Developer (Python, Django) | Software Engineer

Bengaluru, India-560100 | 8870498198 | ramsurajayabalan@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Entry-level **Python Developer and Full Stack Developer** with hands-on experience in building backend applications using Python and Django, including **CRUD operations, database integration, user authentication, form handling, and server-side logic implementation**. I am skilled in developing responsive front-end interfaces using HTML, CSS, and JavaScript. Strong understanding of database management, debugging, and SDLC basics. I am passionate about building scalable web applications and continuously improving full-stack skills.

TECHNICAL SKILLS

- Python
- Django
- HTML5
- CSS3
- JavaScript (Basics)
- SQL/SQLite
- CRUD Operations
- User Authentication & Authorization
- Git & GitHub
- Debugging

INTERNSHIP EXPERIENCE

Python Programming Intern (Online) – System Tron (Jan 2024)

- Developed **3+ backend-oriented Python programs** focusing on application logic and clean code practices.
- Implemented core Python features including **functions, control structures, and file handling**, improving code reliability.
- Debugged and resolved **5+ logical and runtime issues**, enhancing application stability and performance.

PROJECTS

A Django-Based Todo List Web Application

- Designed and developed a task management system using Django.
- Implemented user authentication and CRUD operations for to-dos
- Integrated JavaScript for dynamic UI interactions and SQLite3 for data storage.

- Deployed the application on a cloud platform with production configuration.

An Efficient Deep Learning-Based Firearm Detection System Using Yolov8

- Designed and developed an academic firearm detection system for public safety use cases.
- Researched object detection techniques using publicly available technical resources.
- Implemented YOLO-based models for firearm recognition.
- Compared YOLOv4 and YOLOv8 models based on accuracy and performance metrics.
- Documented results and analyzed system-level behavior.

Personal Portfolio Website

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript.
- Structured content to improve recruiter visibility and ease of navigation.
- Deployed the application on Vercel for fast and reliable hosting.

EDUCATION

B. Tech – Information Technology, K.S.R. College of Engineering, Tiruchengode, Tamil Nadu | CGPA: 7.55 | 2025

HSC – Bharathi Balamandir Matric Higher Secondary School, Chinnasalem, Tamil Nadu | 69.9% | 2021

SSLC – Sakthi Matric Higher Secondary School, Kaniyamoor, Tamil Nadu | 57.4% | 2019

CERTIFICATIONS & ACHIEVEMENTS

- Completed *Introduction to Python* certification from Infosys & Springboard, covering Python fundamentals, control structures, and basic problem-solving.
- Completed *HTML & CSS Essentials Bootcamp* by Let's Upgrade with hands-on exercises in responsive layouts and web structure.
- Participated in an *International Student Workshop on Data Science using Python* focused on Python-based data handling concepts.
- Awarded **Second Prize** at the *International Science Exhibition* conducted at RD International School.
